EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 2-13, directed to species non-elected without traverse. Accordingly, **non-elected claims 2-13 have** been cancelled.

- See reasons for allowance stated in the Ex Parte Quayle action mailed December 12,
 2006.
- 3. On May 10, 2007, Applicant argues for rejoinder on the grounds that "original claims 2-13 were dependent (directly or indirectly) upon claim 1, which is now allowed Because claim 1 is allowed, claims 2-13 are also in condition for allowance."

The Examiner has considered this argument thoroughly and asserts that original claims 2-13 depended from original claim 1, NOT from pending claim 1, which was amended to destroy its genericness. See page 3 of the final rejection mailed July 9, 2004, in which the Examiner explained that claim 1 had ceased to be generic to all species.

Furthermore, Applicant has failed to timely traverse the restriction requirement. See page 2 of the non-final rejection mailed October 23, 2003, in which the Examiner noted that "Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse".

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
